## **“FILMING THE WAR IN BURMA”**

### **Speaker: Frank Worth**

In WW2, at the age of 18, Frank Worth commanded a Royal Navy combat film unit and filmed the fighting against the Japanese in Burma. Later he filmed a mission against kamikaze pilots. Just before the end of the war he filmed a 500 mile trek behind enemy lines in Malaya, and arrived in Java and Sumatra some 10 days before the arrival of the Allied forces. He will be showing the original film footage during his talk.
